For existing account holders of ICICI Bank UK plc, the fee amount is reduced. Please see www.icicibank.co.uk for details of what fees apply to you.

B.9.1 Discounted annual fee

Within seven calendar days of your initial investment with Cofunds, ICICI Bank will contact you to pay an annual discounted fee in advance, if you would like to opt for annual discounted fee. If you opt to pay fees to ICICI Bank via a discounted annual fee, you should transfer the fee directly to ICICI Bank within 30 calendar days of the date of the communication from ICICI Bank.

If you choose to pay a discounted annual fee, you will pay no monthly fees for a calendar year from the anniversary of your payment. You will then begin paying monthly fees (see Sections A10.5.2-10.5.4 of Terms and Conditions of the Cofunds Platform Services for ICICI Bank Investment Services) unless you opt to make another discounted annual fee payment.

You can opt to pay an annual fee at any time – you will pay no monthly fees for the next calendar year from the anniversary of your payment.

If you agree a discounted annual fee and ICICI Bank does not receive payment from you within 30 days of date of communication, ICICI Bank will instruct Cofunds to take the money for fees from your Cash Account following the monthly fee collection process described in Section A10.5.3-10.5.4 of Terms and Conditions of the Cofunds Platform Services for ICICI Bank Investment Services.

B.9.2 Monthly fees

If you do not opt to pay your fees to ICICI Bank annually, Cofunds will collect the monthly fee from your Cash Account each month, in arrears. This means that each month you will pay for the services you have received in the previous month. If you made your first investment on the Cofunds platform by the 15th calendar day of the month, a fee is due for that month and will be taken in the subsequent calendar month. If you made your first investment on the Cofunds platform after the 15th calendar day of the month, no fee is due for that month, and you will start paying fees from the month after the next calendar month. The fee collection process is described in Section A10.5.3-10.5.4 of Terms and Conditions of the Cofunds Platform Services for ICICI Bank Investment Services.

B.9.3 Monthly fees collection process and Fund Sale for fees

On the fifth Business Day of the month (“Calculation Date”), Cofunds will check to see if you have enough money in your Cash Account to pay for the ICICI Bank fees due for the previous month (or months, if applicable – see below).

If on the Calculation Date you have sufficient money in your Cash Account to supply the ICICI Bank monthly fee, Cofunds will ring-fence this amount so that it cannot be used for any other purpose, and deduct the money for the fee on the 16th Business Day of the month (“Payment Date”).

If on the Calculation Date, you do not have enough money in your Cash Account to pay the fee, Cofunds will follow the process below:

(1) On the fifth Business Day of the month, Cofunds will inform ICICI Bank that you do not have enough money in your Cash Account to pay the ICICI Bank Investment Services monthly fee;

(2) By the seventh Business Day of the month, ICICI Bank will contact you by email to inform you that you do not have sufficient money in your Cash Account to pay their fee for that month and that you should add money to your Cash Account to supply two months’ fees on the Calculation Date of the next month;

(3) If on the Calculation Date of the next month you do not have enough money in your Cash Account to pay the required fees, Cofunds will inform ICICI Bank;

(4) By the seventh Business Day of the month, ICICI Bank will instruct Cofunds to sell a portion of your Funds sufficient to raise the money to supply their monthly fees (“Fund Sale for Fees”). See Section A9.4.3 of Terms and Conditions of the Cofunds Platform Services for ICICI Bank Investment Services and below for more information on how the Fund Sale for Fees process works;

(5) Once Cofunds receives a Fund Sale for Fees instruction from ICICI Bank, Cofunds will sell a portion of your assets to raise the required amount on the ninth Business Day of the month (Seldown Date). The money raised from the sale of your funds will go into to your Cash Account, but it will be ring-fenced to pay your ICICI Bank Investment Services fee, so you will not be able to use it for any other purpose;

(6) The money which you owe to ICICI Bank will be deducted from your Cash Account on the Payment Date (16th Business Day) of the month of the Fund Sale for Fees.

(7) Once a Fund Sale for Fees instruction has been activated on your Account, it will continue in place for every subsequent month, so that if you do not have enough money in your Cash Account on the Calculation Date of any month, the Fund Sale for Fees will take place on the ninth Business Day of that month.

Important note: If you’d prefer to ensure that your assets are not sold to supply the monthly ICICI Bank Investment Services fees, you should keep enough money in your Cofunds Cash Account to pay the ICICI Bank Investment Services fee each month throughout the Tax Year.

Please refer “Terms and Conditions of the Cofunds Platform for ICICI Bank Investment Services” to know more about monthly fee collection process.
